A Child Scalped by Machinery Dies of the Injuries.

The most distressing accident that has happened in this town in recent times occurred Saturday afternoon when Florence, the ten-year-old daughter of Mr. Everything in photography at the and Mrs. Kelley, was fatally injured at the sawmill of the Johnson Brothers. She went with her older brother to the mill to get sawdust and they were busily engaged in this task, below the flooring W. Sherry, of St. Johnsbury, visited at of the mill, when her hair became caught in the belting above her and she was literally scalped, the flesh and skin being Rev. L. W. Pease preached his farewell torn off her head above her ears and sermon last Sunday and goes this week eyebrows. With great bravery she went charge. His many friends here wish him up to the mill where the men were working and asked to be taken home. Medical help was quickly secured and she was given opiates which relieved her of all suffering. She was conscious until the last and died Monday afternoon. The funeral will be held at Notre Dame des Victoire church today and the interment will be at the Catholic cemetery in St. Johnsbury. The family have the sympathy of the entire community in their great sorrow.

A discussion will be led by corner of the shed. He then got his Rev. Dr. Lucius Waterman of Hanover, which will be participated in by several members. Rev. James A. Thompson of this place is secretary of the association. The several his throat; he cut his neck terribly, severing his windpipe, but for some reason did not reach the jugular vein.

# Farmer Attempts Suicide.

George Edward Collins, who lived upon and carried on the S. S. Stoddard farm near the Connecticut river, in Waterford, owned by Gates Mulliken, and doctors were called, who dressed attempted suicide late last week Monday night. Early in the evening he commenced to smash the furniture in his house. He kept at work with an axe until he had smashed eight chairs into kindling wood; he broke the bedstead upon which he slept into splinters; smashed two clocks with his axe; chopped down a Singer sewing machine and bureau, besides generally cutting up. He went to his horse barn and took a pair of double harnesses which belonged | mother in Passumpsic.

razor, sharpened it and proceeded to cut

One of the little girls, a daughter of his housekeeper, Mrs. Mary Baird, jumped out of a bedroom window and ran to Mr. Mulliken's for assistance. They found Mr. Collins on the floor in the bedroom. The authorities were notified

There have been rumors to the effect that an assault was made upon Collins, but Collins stated to an officer in the presence of four witnesses that he did the deed himself and that no one was to

blame. Mr. Collins was taken to Brightlook Hospital, where he is still in a critical condition, and Mrs. Baird and the children have gone to the home of her

# SMITH @ SON'S HANOVER CRACKERS.

Try this seasonable receipe in which the well-known crispness and flavor of HANOVERS is a notable constituent:

A NOVEL CRACKER PUDDING. One large cup of HANOVER CRACKER crumbs, one quart milk, one spoonful flour, pinch of salt, yolks of three eggs, 1 whole egg, a half cup of sugar. Flavor with vanilla. Bake in a moderate oven. When done spread over top, while hot, a pint of wellsugared strawberries. Then beat the whites of the three eggs very stiff with two tablespoons sugar, a little lemon extract or whatever one prefers. Spread this over the berries and bake a light brown Serve with fruit sauce made of strawberries.

Don't accept "just as good." Get HANOVERS.

# sions held. Among those who will give Danderine GREW MISS CARROLL'S HAIR

# PROVE IT

Beautiful Hair At Small Cost.

AND WE CAN

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful-the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you

are to expect it to grow and become more beautiful, Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended

# Dr. Knowlton's DANDERINE

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-

producing qualities. One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy-try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

MISS J. CARROLL 2307 Irving Ave., Chicago
